

EMPOWER

Thank you for your interest in the EMPOWER Mentoring Program!

J. Wood Platt Trust has partnered with Chronus, a mentoring specific software platform, to provide an easy to use solution for connecting you with a Scholar and guiding you through your role as a Mentor. ***Your commitment is estimated to be approximately one hour a month for a six month period.*** During this time, you will engage with your Scholar to lead them in reaching their goals by offering encouragement and advice.

Steps to become a Mentor:

Apply to join using the following link

<https://jwpmentoring.chronus.com/p/p1/about>

Complete your profile. Once your profile is completed, Scholars will then be able to select you as a Mentor based on factors such as work experience and areas of expertise.

The software creates a Connection Plan which will guide you through the entire process. This is the roadmap throughout your partnership. Most of the heavy lifting is initiated by the Scholar; your role is to act as a guide in helping achieve goals.

Because our Scholars choose their Mentors and a match is often specific to a number of factors, it can take time for a match to develop. We appreciate your patience.

Your participation will help shape a Scholar's future both professionally and personally and we are grateful to our Mentors for their leadership.

"For true success, it matters what our goals are. And it matters how we go about attaining them. The means are as important as the ends. How we get there is as important as where we go." - Old Tim Morris
